## VEX Robotics

### The Elementary LT VEX Robotics League

VEX Robotics gives students the opportunity to apply their STEM skills in an enthralling game-based engineering challenge. The Elementary LT VEX Robotics League was created in Lawrence Township to allow all elementary schools to participate in this program. Students practice after school and compete in intra-district competitions.

Did you know that the Lawrence Township VEX Robotics League is in all eleven Lawrence Township elementary schools? Lawrence Township is also the only district in the state of Indiana that has students that participate in intramural VEX Robotics. The LT VEX Robotics League wrapped up its second successful year with the finals on February 4.

Congratulations to Amy Beverland Elementary School and Mary Castle Elementary School on taking home the 2020 LT VEX Robotics League trophy. Also, congratulations to Crestview Elementary for having two teams in second place. A special thank you to the League Director, Mr. Bruce Nelson, from Indian Creek Elementary School and to all the coaches. You are STEMtastic!
